2006/7 BROCHURE

WELCOME TO K-TEC RACING

... The UK's Premier Renault Tuning & Styling Company

In this brochure you will find the most unique, up to date, high quality and effective tuning and styling parts for the Clio 1, 2 & 3 range. We have an ever increasing stock of unique K-Tec products which are designed to improve the performance and looks of your Renault and ship to customers worldwide.

Since K-Tec Racing Ltd started in 2001 it has gone from strength to strength. During this time not only has the company grown but also our workforce and services have grown with us. We aim to offer the Renault owner the most comprehensive range of parts and services available anywhere in the UK and this is now possible as we have moved into new premises at Verwood. We are now able to offer routine servicing, MOTs, mechanical repairs as well as being able to supply, fit and set up any of our tuning parts we have available. Our workshop now employs 4 mechanics that carry out work to the highest standards and this includes a "Sport" specialist who oversees all work carried out on the Renault Sport models. We also have courtesy cars available for over 25s. Please call for details.

We have a fully kitted out showroom, where among other things we have the yellow R5 GT Turbo on display that we built for Ali G to use in his feature film. We also continue to operate our worldwide mail order service from our new premises and so far we have sent parts to more than 35 countries. Our range of products will continue to grow as demand for parts for various Renault models increases along with us introducing our own range of exclusive K-Tec Racing parts for those wanting something a little different.

The Ali G car "Ali G in da house"

As a testament to our capabilities we were asked, by a very large film company, to build a one off Renault 5 GT Turbo which was used by Ali G in his feature film, "Ali G in da house". We only had 4 weeks to complete the car as well as build a dummy car that was to be sprayed with graffiti. Both cars started as rusty grey 5s and are now set to be the most famous 5s in the country.

Filming took place over several days with the cars being moved between several locations for the shooting. It was amazing to see the sheer amount of people involved in such a production and the degree of organisation necessary to make sure everything goes to plan and within budget! Overall it was hard work but rewarding. The cast and crew were great with Sasha (Ali G) showing an interest in the cars and making everyone laugh.

Clio 1

ENGINE

Clio 1

PIPERCROSS PERFORMANCE AIR FILTER

These direct replacement foam air filter elements replace the very restrictive standard elements allowing the engine to breathe a lot easier resulting in a small power gain. Being a direct replacement they can be fitted in minutes. Huge application list.

Price from £28.00

Available for:- Clio 1.2,, 1.4, 1.8rsi, 1.8 16v, & Williams

KTR / PIPERCROSS INDUCTION KIT

We have large stocks of these popular Renault induction kits. The fitment list is huge and very good power increases have been recorded using these filters.

Price from £60.00

Available for:- Clio 1.2, 1.2 spi, 1.4, 1.8rsi, 1.8 16v, & Williams

PIPERCROSS VIPER CARBON INDUCTION KIT

This is the latest in induction kit technology. The Viper kit is a completely sealed, cylindrical, carbon air box casing. The kit is fed cold air from the front of the car through ducting which is supplied with the kit, giving a power gain of up to 6bhp.

Price £210.00

Available for:- Clio 1.2 spi, 1.8rsi.

CLIO 1.8 16v & WILLIAMS VIPER INDUCTION KIT

We have finally finished our Viper induction kit for the 16v Clios. The kit uses a specially made stainless steel throttle body adapter which allows the sealed carbon fibre induction kit to be fitted using a 2.5" bore silicone hose. This results in an easy installation and a reduced price compared to Viper kits that require ducting.

Price £195.00

POWERTEC STAINLESS STEEL INDUCTION KIT

We now have these new stainless steel induction kits available made by Powertec. They feature a high flow stainless steel mesh construction with a polished alloy trumpet shaped neck for increased air flow. A good power gain and superb induction noise can be experienced once fitted.

Price from £85.00

Available for:- Clio 1.2 spi, 1.8rsi.

ALUMINIUM AIR DUCTING

A 1 metre length of 50mm bore aluminium ducting for getting much needed cold air up to the air filter. Comes with long cable ties for easy fitting.

Price £10.00 metre

FSE POWER BOOST VALVE

These adjustable fuel pressure-regulating valves are available for many Renault models. They work by increasing the fuel pressure into the engine, which gives a better throttle response and smoother, quicker acceleration.

Price from £85.00

Available for:- Clio 1.8rsi, 1.8 16v, & Williams

Clio 1

ENGINE

Clio 1

KTR CAMSHAFT KIT

These re-profiled cams give a higher valve lift and longer duration to allow greater airflow into the engine resulting in a noticeable power gain (up to 20bhp on the 16 valve cars). It is recommended that the cams be installed along with the alloy vernier pulleys, chip upgrade and up rated fuel pressure regulator to give the best power increase. Available for Clio 1 16v, Clio Williams, 19 16v.

Price from £190.00

KTR CAMSHAFT KITS WITH POWER CHIP

A package deal combining the benefits of both our camshaft kits and power chip upgrades.

Price from £350.00 kit

ALLOY ADJUSTABLE VERNIER PULLEYS

We recommended the use of these pulleys with the performance cams as they allow the timing to be accurately set up to give the best possible performance.

Price £175.00 pr

Available in blue or red.

CAM FOLLOWERS

These are new direct replacements for the original followers which can eventually wear and become noisy.

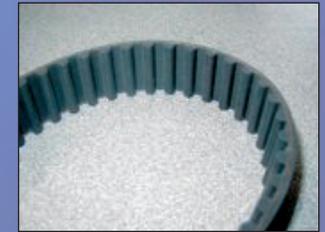

Price £215.00 set

COMPETITION CAMBELT

Stronger than the standard cambelt, essential on tuned engines and ideal to fit when it's time to change the belts.

Price £39.00

Available for the 1.8 16v + Williams engines

KTR / CHIP UPGRADE

The chip upgrade is designed to make the engine run more efficiently by altering the fuelling and ignition. The chip upgrade will also give a slight power increase in the region of 5 to 10 bhp depending on application. Currently available for: 1.4, 1.8 Rsi, 1.8 16v & 2.0 16v Williams.

Price £250.00

KTR 8mm IGNITION LEADS

These are the ultimate leads for the F7 16v engines. They feature a stainless steel and kevlar core for maximum spark transfer resulting in a very strong spark. Available in blue or red.

Price £49.00 set

NGK UPGRATED SPARK PLUGS

Precious metal tipped plugs to help reduce the F7 16v engines appetite for plugs.

Price £26.00 set of 4

Clio 1

ENGINE

Clio 1

KTR UPGRATED HEAD GASKET SET

We now have a range of uprated gaskets available for the 1.8 16v and Williams engines. They are Kelvar reinforced and available in different thicknesses (eg 1mm ideal to raise compression and power, 1.2mm to replace standard item and 1.6mm ideal for lowering compression for the boost turbo conversions)

Price from £65.00

HEAD GASKET

Direct replacement. The same as supplied in the head set listed below.

Price from £30.00

HEAD GASKET SET

This set includes the head gasket as well as all the other head related gaskets and seals (inlet manifold gasket, exhaust manifold gasket, valve stem oil seals, rocker cover gasket, cam oil seals etc.)

For Clio 1 1.8 16v + Williams.

Price £55.00

HEAD BOLTS

Set of 10 bolts. These should always be replaced when the head is removed.

Price £38.00 set

DISTRIBUTOR CAP & ROTOR ARM

Direct replacement for the original products. Well worth renewing when replacing HT Leads and Spark Plugs.

1.8 16V Only

Price: £26.00

GAS FLOWING

Correctly carried out gas flowing will see good increases in the engines power and torque. It also means the engine can breathe better and more efficiently due to the better transfer of gases into and out of the engine. This smoother flow results in lower inlet charge temperatures which gives better power and reduces the risk of detonation which can damage an engine.

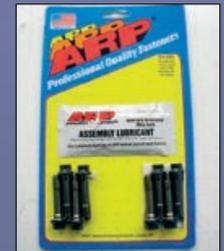

Price from £310.00 8v, £450 16v & £550 1.8 16v big valve head

ARP UPGRATED CONROD BOLTS

ARP are the world leaders and manufacturers of high tensile, uprated conrod bolts. These bolts replace the standard items and are an essential upgrade on a heavily modified or high revving 1.8 16v or Williams engine. These bolts are also essential on a turbocharged version of the same engine as the stresses on the standard bolts are greatly increased.

Price £52.00 set

GENUINE RENAULT CAMBELT AND TENSIONER KIT

This is a genuine Renault cambelt kit for fitment to the Renault Clio 1.8 16v and Williams models. This kit comes complete with all necessary to change the cambelt including two new tensioners. We are able to offer this kit at a discounted price compared to Renault.

Price £75.00 kit

Clio 1

ENGINE

Clio 1

FORGED CON RODS

To go with our forged pistons we now have these forged con rods available for the F7 series of engines. They are much stronger than the original standard con rods making them suitable for turbo or high rev/high compression applications. They come complete with uprated con rod bolts and will fit both the F7P (Clio 1.8 16v) and F7R (Clio Williams and Megane 2.0 16v) engines.

1.8 16v & 2.0 16v Williams

Price: **£425.00**

GREEN INDUCTION KITS

We now stock the Green induction kits for many Clio models. These are very high quality cotton gauze kits that will help the engine breathe more freely as well as giving an increase in power. These comprehensive kits have all the associated fittings supplied and instructions for an easy hassle free fitment.

Price: **From £69.00**

FORGED PISTONS

Forged pistons are an important part of any powerful engine. They are able to handle a lot more power than the original cast Renault items and are available in varying compression ratios according to requirements (Standard Renault Compression Ratio = 10:1). For the F7P (1.8 16v) and F7R (Williams) engines we have both high and low compression sets available. The pistons come in a set of four and are supplied complete with gudgeon pins and piston rings. They are available in the standard 82.7 mm bore size or 83 mm and 83.5 mm overbore sizes; please state when ordering.

Price: **£425.00**

MAGNECOR IGNITION LEADS

These leads are now available for the Clio 1 8v Models. The 8mm Magnecor leads are coloured blue, they feature a 2mm metallic inductance suppressed conductor which basically means they are a very good conductor resulting in a strong, powerful spark to give optimum combustion.

Price: **from £43.00**

KTR CLIO 1.8 16v TURBO CONVERSION

This Turbo kit will fit both 1.8 16v engines (Clio and R19) and the 2.0 16v engine as fitted to the Williams. The kit will give substantial gains in both power and torque throughout the rev range giving greatly improved acceleration times. This kit will offer around 175 bhp for the 1.8 16v and around 185 bhp for the Williams with the potential for well over 200 bhp available with the fitment of additional tuning parts. The parts supplied with the kit include: Turbo, Exhaust Manifold, 4 x Injectors, Custom Turbo Chip, Down Pipe, Inlet Plenum Chamber inc. Samco Pipework, Oil Drain and Oil Feed Pipes, Head Gasket Spacer Plate and all associated Gaskets, Uprated Valve Stem Seals. This conversion can be supplied as a 'DIY' kit or fitted out our premises on a drive in/drive out basis for an additional £500

Price: **DIY kit £2,500.00**
Fitted £3,000.00

CLIO 1.8 16v + WILLIAMS GREEN INDUCTION KIT

We are now able to supply the Green induction kit for the popular 1.8 16v and Williams Clios. This is a high quality kit that comes complete with a cold air feed to draw air from the front grill of the car. The kit has all the associated fittings supplied and instructions for an easy hassle free fitment.

Price: **£89.00**

Clio 1

EXHAUSTS / BRAKES

Clio 1

KTR DE-CAT PIPES

These pipes are available to go with all stainless steel systems. They are a direct replacement for the original power reducing catalytic converter. They are made from stainless steel and come with a lifetime warranty and will fit all standard and aftermarket exhausts.

Price from £39.00, silenced from £59
Available for all Clio 1 models inc Williams.

KTR SPORTS CATS

This sports cat has a 200 cell core which will give a substantial increase in power due to its freer flowing properties. Also, unlike using a de-cat pipe, the car will pass an MOT without a problem.

Price from £209.00
Available for all Clio 1 models inc Williams.

POWER SYSTEM EXHAUST SYSTEMS

These are full stainless steel systems that start from the cat back. They all come with a lifetime warranty and are constructed using mandrel bent pipe work for maximum gas flow and performance. There are various tailpipe designs available and most will feature a fully polished seamless rear box. Quieter versions available

Price from £210.00

K3
3.5"
Rolled in

K5
4.5"
Thick rim
slash cut

K8
3.5" Straight
cut removable
baffle

KTR TUBULAR MANIFOLD

We now have available our new range of stainless steel tubular manifolds available for 16V models. They are constructed from very high grade stainless steel. Power gains of 8bhp have been seen on a standard Clio 1 16v engine along with good increases in torque. The manifolds are currently available for: 1.8 16v + Williams.

Price from £299.00

KTR KEVLAR BRAKE PADS

Kevlar brake pads have been chosen for all our brake kits as they perform exceptionally well, even from cold, are very resilient to pad glazing, have a very slow wear rate and produce very little brake dust. Available for all Clio 1

Price £25.00 set

KTR POWER SYSTEM FAST ROAD FRONT BRAKE KIT

Kit contains 1 pair of cross drilled, vented and balanced front discs, which are zinc plated to protect them from corrosion, and a set of kevlar brake pads. The cross drilled pattern aids heat dissipation under hard braking, whilst de-glazing the pads, making the brakes less prone to brake fade.

Price from £89.00 kit
available for every Clio 1 model.

KTR POWER SYSTEM FAST ROAD REAR BRAKE KIT

Kit contains 1 pair of cross drilled, balanced and zinc plated rear discs, which come with the rear wheel bearings already press fitted into them, as well as a set of kevlar brake pads.

Price £159.00 kit (NON ABS)
£175.00 Kit (ABS MODELS)

Available for all ABS & non ABS Clio 1s fitted with rear discs.

KTR POWER SYSTEM FAST ROAD/RACE BIG BRAKE KIT

Contains 1 pair of 285mm cross drilled, vented and balanced front discs, caliper extender brackets, bolts and kevlar brake pads. The 285mm cross drilled discs are not only considerably larger than the standard discs, allowing a greater braking force to be applied by the pads, but are also thicker to aid with the dissipation of the heat generated from such powerful braking forces.

Price from £175.00 kit

Clio 1

BRAKES / SUSPENSION

Clio 1

KTR BRAIDED BRAKE LINES

A set of 4 braided brake lines that give a firmer pedal feel and do not expand under extreme braking. Fits Clio 1 all models.
Price £45.00 set

4 POT BRAKE KIT

Big brakes are the only way to stop your car quickly and these kits are designed to do just that. All of the kits come with billet 4 pot calipers. Immense stopping power is generated by these calipers due to their sturdy, yet light weight construction. Up to 325mm available

Price from £520.00 kit

Please note: New brake lines are also required as the standard lines are too short and have the incorrect fitting on the caliper end.

4 POT BRAKE LINE Kit £45.00 set

KTR LOWERED / UPDATED FRONT SPRINGS

These springs lower the car by a genuine 30 to 55mm depending on car model and are uprated by approx 20% giving the car improved handling and a better, more purposeful look.

Price from £49.00 pr

50mm APEX SPRINGS

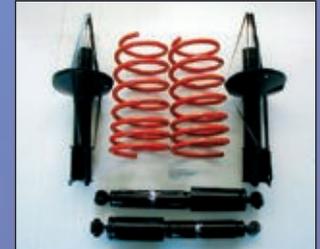

Now available for the 1.8 16v and all Williams models are these -50mm lowering springs from Apex. They are a direct replacement for the original springs, are uprated by 20% and can be fitted using the standard shock absorbers.

Price £55.00 pr

SPAX SUSPENSION KIT

This is the entry-level suspension kit from Spax which covers many Renault models. It comprises of front and rear shock absorbers and 2 front lowering springs. It is a superb quality kit, which improves handling and looks. Kits are available for every Clio 1 model (except Williams) and most are available with either -35mm or -55 lowering springs.

Price from £195.00 kit

ULTIMATE UPDATED SUSPENSION KIT

This is a new kit we now have available from Ultimate Suspension. Ultimate are one of the largest European suspension manufacturers and these kits show why they are so popular. These kits include 4 uprated shock absorbers + 1 pair of lowered and uprated front springs. Available for all Clio 1's including 52mm & 54mm hole spacing models & 1.8 16v

Price £179.00 kit

APEX CLI0 1 -50mm SUSPENSION KIT

We now have this kit available from Apex suspension which will lower the front of the Clio 1 by 60mm. The kit has 4 uprated and shortened shock absorbers and 2 front lowering springs. Note this kit is only available for all Clio 1s with a measurement of 52mm between the centre of the 2 holes at the bottom of the front shock absorbers.

Price £210.00 kit

APEX 1.8 16v SUSPENSION KIT

We now have these kits available from Apex suspension which will lower the front of the Clio 1.8 16V by either 35mm or 50mm. The kits has 4 uprated and shortened shock absorbers and 2 front lowering springs. Please note this kit is only available for the Clio 1.8 16v and not the Williams.

Price £199.00 kit

Clio 1

SUSPENSION

Clio 1

ULTIMATE COILOVER SUSPENSION

These high quality coilover suspension kits are available for all Clio 1s from the 1.1 up to the 1.8 16v (but not the Williams). These kits allow you to lower the car up to 60mm. Each kit contains 2 uprated front shocks, with adjustable ride height, and 2 uprated rear shock absorbers. Available for all Clio 1's including 52mm & 54mm hole spacing models & 1.8 16v.

Price £299.00 kit

KTR / GAZ COILOVER SUSPENSION KIT

The front shocks are fully adjustable for damping (16 settings) and for ride height while the rears are adjustable for damping (42 settings) with the rear springs giving a 30mm ride height drop. All the shocks can be easily adjusted on the car so you can set your car up for superb handling and looks in minutes. Available for 1.8 16v and Williams.

Price £410.00 kit

H&R COILOVER SUSPENSION

Due to many requests we are now stocking the excellent range of H&R coilover suspension kits. These kits feature fixed damping and have ride height adjustment on both the front and rear axles. They will allow you to lower your Clio Williams from 30mm-70mm at the front and from 20mm-50mm at the rear, the fronts also have built in camber adjustment. These extremely high quality kits feature upside down damper technology for excellent road holding and handling and are regarded by many as some of the best suspension kits available.

Price: £490.00

WILLIAMS COILOVER SUSPENSION

We now have a dedicated coilover suspension kit for the Clio Williams. The kit is available with either fixed or adjustable damping and features full ride height adjustment on the front shock absorbers. The rear ride height of the car is adjusted by resetting the rear torsion bars as on all Clio 1s. All for shock absorbers are uprated and this kit is of the highest quality we have found for the Williams models.

Price:

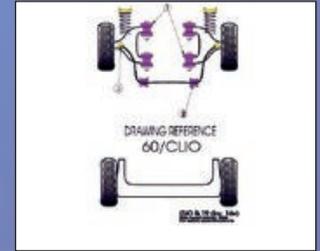

Non-Adjustable Damping £440.00

Adjustable Damping £550.00

POWERFLEX POLY SUSPENSION BUSHES

We are now stocking the Powerflex range of polyurethane suspension bushes to help improve handling and tighten up vague steering feel. By using poly bushes on your car you will also prevent premature tyre wear meaning your tyres make better, more even contact with the road. The bushes are available for the front wishbones and front anti roll bars or as a complete set.

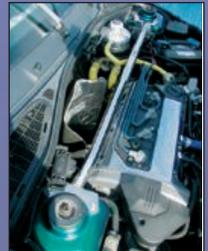

Price from £38.00 complete set £86.00

CLIO 1.8 16v WILLIAMS STRUT BRACE

This is our new stainless steel strut brace we now have available for the 16v Clios. It is made entirely from polished stainless steel which is TIG welded for maximum strength. The brace bolts to the suspension turrets with the bolts provided and due to its unique, slightly curved ends gives plenty of clearance around the engine ancillaries unlike many braces available.

Price £79.00

KTR CLIO 1.8 16V & WILLIAMS CARBON FIBRE STRUT BRACE

The latest addition to our carbon parts is this carbon strut brace available for the Clio 1.8 16v and Williams models. The brace is fully adjustable and bolts to the top of the suspension turrets with the fitting supplied. It looks fantastic once fitted due to its high quality fit and finish.

Price £95.00

KTR ALLOY STRUT BRACE

A new addition to our range is this polished alloy adjustable strut brace which fits the Clio 1.2, 1.4 and RSi, including cars fitted with induction kits. It bolts to the suspension turrets with the fittings provided to help stiffen the front of the car to improve handling.

Price £65.00

Clio 1

SUSPENSION / TRANSMISSION ENGINE DRESSING / STYLING

Clio 1

KTR STAINLESS STEEL REAR STRUT BRACE

These strut braces are made entirely from polished stainless steel, which is TIG welded for maximum strength. They offer the best strength, looks and value from any strut brace on the market today. They add rigidity to the rear end of the car and are an ideal place to mount harnesses. Or it can easily be fitted into the boot of a standard car with all its seats in place. Available for all Clio 1 models.

Price £85.00

KTR STAINLESS STEEL ROLL CAGE

Our bolt in roll cage is made from 2 1/2" diameter highly polished stainless steel and comes with the option of extra diagonals welded in to give it even more strength. You can still use the back seats with the standard cage fitted and it can be fitted in about 1 hour. It also comes with all the fittings. Available for all Clio 1 3 door models.

Price from £250.00 Each diagonal add £75

CAMBER CORRECTING BOLTS

A kit containing 1 pair of special shock absorber bolts which allow up to 3 degrees of front camber adjustment. Essential to fit to lowered cars to give increased grip and better, more even tyre wear.

Price £35.00

KTR SHORT THROW QUICKSHIFT GEARLEVER

A complete stainless steel and alloy replacement gear lever assembly which not only looks superb but dramatically reduces the gear lever travel giving the gear change a very positive and precise action. Comes complete with new alloy gear knob and can be fitted in under 1 hour. Available for Clio 1, (ALL MODELS).

Price £169.00

GROUP 'N' SPEC UPRATED CLUTCH

This 3 piece clutch kit is capable of handling over 200lbs/ft of torque (well over 200bhp) and is a direct replacement for the original item. Being uprated it will last longer than the standard clutch on either a standard or modified engine. It also is no harder to drive with than the standard clutch and does not judder on pull away like an uprated paddle clutch.

Price £120.00

KTR / SAMCO VACUUM TUBING

Available in 4 sizes and 3 colours, red, blue and yellow.

Price 4mm £5/m,
6mm £7/m,
8mm £9/m &
10mm £11/m

KTR ALLOY HEADER TANK CLIO 1

A highly polished tank which uses the original Renault cap to ensure the water system is kept under the correct pressure. Also features an internal baffle to prevent air entering the water system during cornering.

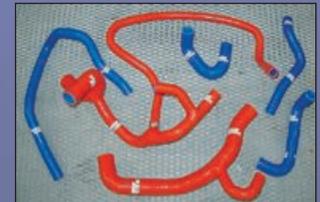

Price £119.00
Fits all Clio 1 models

KTR / SAMCO SILICONE HOSES

We have teamed up with Samco to develop the highest quality set of silicone hoses available for the Clio 1.8 16v and Williams. There are currently 3 sets available as follows: **1.** Main water hose set which contains the 2 main, complex water hoses. **2.** 5 Ancillary smaller water hoses. **3.** 3 Oil breather hoses. All hoses are available in red, blue and yellow with black, purple, green and orange available as special order.

Prices set 1 £130.00 set 2 £95.00
and set 3 £70.00

KTR SILVATEC REAR LIGHTS

These new high quality lexus style rear lights are now available through K-Tec Racing. They are a direct replacement for the originals and can be fitted in minutes. They come with all the necessary coloured bulbs needed so that the lights light up the correct colours. Due to the completely silver/chrome finish these lights drastically change the look of any coloured Clio.

Price £85.00 pr

Again a direct replacement for the original orange items. Available for the Clio 1 up to '98.
Price £25.00 pr

TWIN HEADLIGHT KIT

This superb quality kit transforms the front of the Clio and comes with all the necessary fittings including the replacement indicators to fit into the bumper.

Price from £265.00 pr

PORSCHE STYLE FRONT SPLITTER

This splitter curls up slightly at either end and fits directly to the standard 16v and Williams bumper giving a lower, more aggressive front end.

Price £110.00

DMT FRONT SPLITTER

This is a flat DTM style front splitter which fits directly to the 16v and Williams front bumper. Superb quality and looks.

Price £110.00

16V/WILLIAMS STYLE BONNET VENT

We now have the Clio 16v/Williams look vent for fitment to all Clio 1's, this vent is made of fibreglass and has the mesh built in. The vent can be bonded and filled onto the non 16v/Williams original bonnets to give them the more aggressive style. All Clio 1 non 16v models
Price: £55.00

Clio 1

STYLING

Clio 1

KTR ULTRA LIGHTWEIGHT FIBREGLASS BONNET

This ultra lightweight fibreglass bonnet is now available for the Clio 1. The bonnet is of the 16v/Williams design complete with meshed vent and will fit any Clio 1 produced up until 1996. This single skin bonnet uses bonnet pins for fitment and weighs in at just 3.75 KG on very accurate scales.

Price: £175.00

CLIO 1 ANGEL EYE HEADLIGHT

We now have these striking angel eye headlights available for all Clio 1's from 1991 to 1996. They feature the 'halo' style side lights and projector main beams lights. They also have the indicator built in and once fitted the change to the front of the car is very dramatic and up to date. These lights are road legal and e marked and are available in chrome or black.

Chrome Price £125.00 pr

BLACK ANGEL EYE HEADLIGHTS

We now have these black versions of the popular angel eye headlights in stock. They are of the same high quality as the chrome front lights we have and are an equally good fit. They have a satin black backing to the lights which makes them a different alternative to the chrome lights. They are simple to fit and come with basic fitting instructions.

Clio 1 from 1991 to 1996

Price: £140.00 / pr

CLIO 1 PHASE 3 ANGEL EYE HEADLIGHTS

We are the first company in the UK to have angel eye headlights available for the Clio 1 phase 3 from 96-98 (cars with built in indicators in the headlights). They are a direct replacement for the original headlights and are fully road legal. As with the lights we have for the phase 1 & 2 they make a very dramatic change to the front of the car as well as offering improved lighting.

Price: £199.00 / pr

BLACK COMING SOON!

BAD GIRL REAR SPOILER

This is one of the best selling rear spoilers for the Clio 1 due to its superb quality and shape. It is a 3 piece adjustable spoiler which also comes with a fitting kit and rear brake light. Fits all Clio 1 models.

Price £135.00

CARBON FIBRE DOOR PILLAR COVERS

These covers are made of 100% genuine carbon fibre and look great once fitted. They come with strong double sided tape fitted on the back so they can quickly and easily be fitted.

Price £30.00 pr

CARBON FIBRE BONNET

This lightweight bonnet is made from carbon fibre with a fibreglass underside which gives the bonnet added strength. The bonnet fits directly onto the original hinges and does not require the fitting of any bonnet pins as it shuts using the existing catch. It is the same design as the 16v bonnet so it comes complete with an air vent. It fits all Clio 1's from 1991 to 1996.

Price £395.00

SINGLE WIPER CONVERSION KIT

We now have the popular single wiper kits available for all of the "car model" range. All the kits come as a very simple DIY fitment and are supplied with very easy to follow instructions. The wiper can be set to park either in the centre of the windscreen or to one side.

Clio 1

JOKER 1 BODYKIT

The Joker 1 kit is available for all Clio 1s except the 16v cars (see Joker 2 for 16v and Williams kits). The kit consists of front bumper, rear bumper and side skirts (all are available separately). They are available for the 3 and 5 door.

Kit Price £620.00 (special order only)

JOKER 2 BODYKIT

We have this very high quality full kits available for the Clio 1. The Joker 2 kit consists of front bumper, rear bumper and side skirts (all are available separately). The Joker 2 kit is for the 16v and Williams models.

Kit Price £620.00 (special order only)

ALIEN BODYKIT

This is by far the best quality wide arch bodykit we have found for the Clio. It is a superb fit and is guaranteed to turn a standard Clio into one of the Phatest Clios around. The complete Alien kit consists of front bumper, rear bumper, side skirts and front and rear wider arches. The rear arches will require the fitting of the filler neck extension listed below. All parts are available separately.

Price Kit £1250.00 (Special Order Only)

ALIEN ROOF SPOILER

Superb quality spoiler available with or without brake light and side repeaters. Fits all Clio 1 models.

**Price W/out brakelight £155.00
With brakelight £175.00
With brakelight & indicators £185.00**

TUNER 2 BODYKIT

We are happy to announce the arrival of the new Tuner 2 Bodykit. This high quality kit suits the Clio 1 perfectly and gives the car a very purposeful mean-looking stance. We are able to supply each part of this seperately; this includes the Front Bumper, Rear Bumper and Side Skirts. Clio 1 1991-1998

**Price: £575.00 F/bumper £225.00
R/bumper £189.00 S/skirts £175**

Note: Kit prices are for front bumper, rear bumper and skirts.

Note: Rear bumper does not come with exhaust cut-out

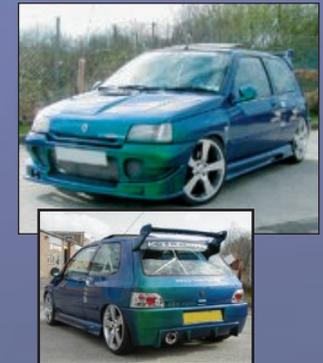

KTR KOMBAT BODY KIT

This is the most extreme kit available for the Clio 1 and consists of a front bumper, rear bumper, side skirts and a roof spoiler, although all parts can be purchased separately. The wider 16v and Williams kits are available as well as a version for the 1.2, 1.4 and 1.8RSi models. The kit comes with all the fittings and mesh where applicable.

**Price £648.00 F/bumper £250.00
R/bumper £199.00 S/skirts £199**

Note: Kit prices are for front bumper, rear bumper and skirts.

KTR KOMBAT REAR SPOILER

This is our new Kombat rear spoiler for the Clio 1. It will fit all Clio 1s from 1991 to 1998. It is a 3 piece spoiler which easily bolts to the tailgate with the fittings supplied. It is very high quality and looks superbly aggressive when fitted to any Clio. Especially looks the parts when fitted with our Kombat body kit.

Price £199.00

Clio 1

STYLING

Clio 1

OSMOSE BODYKIT

This is a slightly different style kit to the Joker 2 kit and is only available for the 16v and Williams models. The kit consists of the front and rear bumpers and side skirts and is of the same high quality as the other kits we sell.

Clio 2

GREEN INDUCTION KITS

We now stock the Green induction kits for many Clio models. These are very high quality cotton gauze kits that will help the engine breathe more freely and as well as increase power. The kits have all the associated fittings supplied and instructions for an easy hassle free fitment.
Available for:- Clio Mk2 Ph 1 1.4 16v, 1.6 16v (P370) and 1.6 multipoint (P267)

Price: **£82.00**

KTR / PIPERCROSS INDUCTION KIT

We have large stocks of these popular Renault induction kits. The fitment list is huge and very good power increases have been recorded using these filters.

Price from **£60.00 to £75.00**

Available for:- Clio 2 1.2mpi, 1.2 16v, 1.4, 1.4 16v, 1.6 16v.

PIPERCROSS VIPER CARBON INDUCTION KIT

This is the latest in induction kit technology. The Viper kit is a completely sealed, cylindrical, carbon air box casing. The kit is fed cold air from the front of the car through ducting which is supplied with the kit, giving a power gain of up to 6bhp on some models.

Available for Clio 2 1.2mpi, 1.2 16v, 1.4 16v, 1.6 16v.

Price **£210.00**

CLIO 1.2 16v INDUCTION KIT

Due to popular demand we have now introduced 4 new induction kits for the 1.2 16v. They all come with a polished alloy adapter plate and can be fitted in minutes. The choice includes a cotton gauze, stainless steel ended filter, a Greddy style mushroom filter, a stainless steel filter and a blue or chrome shielded filter.

Price all **£65.00**

CLIO 1.2 16v CARBON FIBRE INDUCTION KIT

This is our latest addition to the induction kits we already have available for the Clio 1.2 16v. The genuine carbon filter housing has a cotton gauze induction kit inside that not only allows the engine to rev more freely, but also looks fantastic in the engine bay. This filter will also fit with our relocation pipe.

Price **£70.00**

POWERTEC STAINLESS STEEL INDUCTION KIT

We now have these new stainless steel induction kits available made by Powertec. They feature a high flow stainless steel mesh construction with a polished alloy trumpet shaped neck for increased air flow. A good power gain and superb induction noise can be experienced once fitted. Clio 2 1.2mpi, 1.2 16v, 1.4 16v, 1.6 16v.

Price **£85.00**

1.2 16v AIR FILTER RELOCATION KIT

The 1.2 16v air filter relocation kit contains a highly polished stainless steel relocation pipe which has a bracket to bolt it to the engine to hold the air filter securely in place, 2 Samco silicone joints and jubilee clips. The kit moves the air filter directly behind the front grille allowing maximum cold air flow to the filter. (cannot be fitted to cars with air conditioning)

Price **£49.00**

KTR RAMCHARGER INDUCTION KIT

These ramcharger kits feature a high flow induction kit housed inside a carbon look shield. The kits come with all fitting required as well as a chromed induction pipe, silicone inlet elbow and breather pipe where required. Available for the Clio 2 1.4 16v, 1.6 16v. Gains of up to 5bhp have been seen along with a great induction noise.

Price **£99.00**

NEW 182 LOOK EXHAUST FOR 1.2/1.4/1.6 MODELS

Our new 182 look exhaust system for the Clio 1.2/1.4 and 1.6 models is now available to order. It comes with 2 tailpipe surrounds for the cut outs in the rear bumper to give the back of the 1.2/1.4/1.6 (including 16v) models a real 182 look. The price includes the complete cat-back stainless steel exhaust, tailpipe surrounds, all fixings and fittings and comprehensive fitting instructions.

Clio 2 1.2 + 16v, 1.4 + 16v and 1.6 + 16v models
Price: £275.00

KTR TUBULAR MANIFOLD

We now have available our new range of stainless steel tubular manifolds available for several of the 2 models. They are constructed from very high grade stainless steel. Power gains of 8bhp have been seen on a standard Clio 1 16v engine along with good increases in torque. The manifolds are currently available for: 1.2i, 1.4i, 1.4 16v and 1.6 16v.

Price from £250.00

1.4/1.6 16v

KTR KEVLAR BRAKE PADS

Kevlar brake pads have been chosen for all our brake kits as they perform exceptionally well, even from cold, are very resilient to pad glazing, have a very slow wear rate and produce very little brake dust. Available for all Clio 2 models.

Price £25.00 set

KTR POWER SYSTEM FAST ROAD FRONT BRAKE KIT

Kit contains 1 pair of cross drilled, vented and balanced front discs, which are zinc plated to protect them from corrosion, and a set of kevlar brake pads. The cross drilled pattern aids heat dissipation under hard braking, whilst de-glazing the pads, making the brakes less prone to brake fade.

Price from £89.00

Available for all Clio 2 models.

KTR POWER SYSTEM FAST ROAD REAR BRAKE KIT

Kit contains 1 pair of cross drilled, balanced and zinc plated rear discs, which come with the rear wheel bearings already press fitted into them, as well as a set of kevlar brake pads.

Price from £159.00 kit (NON ABS)
£175.00 kit (ABS MODELS)

KTR POWER SYSTEM FAST ROADRACE BIG BRAKE KIT

Contains 1 pair of 285mm cross drilled, vented and balanced front discs, caliper extender brackets, bolts and kevlar brake pads. The 285mm cross drilled discs are not only considerably larger than the standard discs, allowing a greater braking force to be applied by the pads, but are also thicker to aid with the dissipation of the heat generated from such powerful braking forces.

Price from £175.00 kit

Clio 2

SUSPENSION

Clio 2

4 POT BRAKE KIT

Big brakes are the only way to stop your car quickly and these kit are designed to do just that. All of the kits come with billet 4 pot calipers. Immense stopping power is generated by these calipers due to there sturdy, yet light weight construction. Up to 325mm available

Price from **£520.00** kit

Please note: New brake lines are also required as the standard lines are too short and have the incorrect fitting on the caliper end.

KTR BRAIDED BRAKE LINES

A set of 4 braided brake lines that give a firmer pedal feel and do not expand under extreme braking. Fits Clio 2 all models.

Price **£45.00** set

KTR LOWERED / UPATED FRONT SPRINGS

These springs lower the car by a genuine 40-60mm depending on car model and are uprated by approx 20% giving the car improved handling and a better, more purposeful look. All Clio 2 models covered from 1.2 to 1.6 16v.

Price **£79.00** (40mm)
£79.00 (60mm) set of 4

ULTIMATE LOWERED/UPATED SPRINGS

We can now supply these lowering springs that are manufactured by Ultimate. These springs lower the car by 35mm and improve the handling as well as giving a much more purposeful stance. They are available for all the Clio 2 models including 1.2, 1.4, 1.6 and 2.0 Sport.

Clio 2 (-35mm) 1.2 + 16v, 1.4 + 16v and 1.6 + 16v models

Price: **£70.00**

EIBACH SPORTLINE SPRING KIT

This spring kit from Eibach gives the same impressive handling characteristics as the Pro kit but lowers the car 45mm all round when fitted to the Clio 2 models (except the 172/Cup).

Price **£125.00** set of 4

EIBACH PRO SUSPENSION KIT

Due to demand we are now stocking these springs which are of the highest quality and are progressively rated to give the car improved handling characteristics. Another reason they are popular is because they only lower the car around 20mm at the front and 15mm at the rear so handling is improved without dramatic changes to the cars looks or ground clearance.

Price **£130.00** set of 4

APEX UPATED SUSPENSION KIT

This new kit is now available. Kit features uprated shocks and lowered springs (40mm or 60mm drop). These units are 58mm hole spacing.

Price **£240.00** kit

ULTIMATE UPATED SUSPENSION KIT

This new kit is now available for the Clio 2. The kit features four uprated shocks and four lowered springs (35MM Drop) which will not only change the appearance of the car once fitted but also improve the handling. As with all Ultimate suspension these kits come with a full 2 year guarantee. The kit is for fitment to all non sport Clio 2 models that have a 58 mm hole spacing

Price: **£215.00**

SUSPENSION / TRANSMISSION

Clio 2

ULTIMATE COILOVER SUSPENSION

These high quality coilover suspension kits are available for the Clio 2s from the 1.2 up to the 1.6. These kits allow you to lower the car up to 60mm. Each kit contains 2 uprated front shocks, with adjustable ride height, and 2 uprated rear shock absorbers.

Price £399.00

Please call to confirm fitment.

KTR / FK COILOVER SUSPENSION KIT

These German manufactured coilover suspension kits are available with either fixed damping or adjustable damping and all kits feature ride height adjustable front shock absorbers. These kits will lower the car from 30mm to 80mm depending on how you want the car to look. Available for 1.2 16v, 1.4 16v & 1.6 16v

**Price from £475.00 kit (Fixed Damping)
£575.00 Kit (Adj. Damping)**

CAMBER CORRECTING BOLTS

A kit containing 1 pair of special shock absorber bolts which allow up to 3 degrees of front camber adjustment. Essential to fit to lowered cars to give increased grip and better, more even tyre wear.

Price £35.00 pr

POWERFLEX POLY SUSPENSION BUSHES

We are now stocking the Powerflex range of polyurethane suspension bushes to help improve handling and tighten up vague steering feel. By using poly bushes on your car you will also prevent premature tyre wear meaning your tyres make better, more even contact with the road. The bushes are available for the front wishbones and front anti roll bars or as a complete set.

Price from £38.00 set

CARBON FRONT STRUT BRACE

We now have a carbon front strut brace available for the Clio 2. It matches the rear brace we have available and will fit most of the Clio 2 models including the 1.2 16v, 1.4 16v and 1.6 16v (it will not fit the 172/182 models). It is an easy fitment and bolts to the top of the suspension turrets with the bolts and washers supplied. It will help stiffen up the front of the car to reduce flex as well as looking very good under the bonnet.

Price: £95.00

KTR ALLOY ROLL CAGE

New to our current range of roll cages is this all alloy half cage for all 3 door Clio 2 models from 1998 to 2005. The cage is a bolt in unit and features polished alloy tubing and a removable rear diagonal cross bar which can be removed to allow use of the rear seats. Rigidity of the car is also increased with the cage fitted.

Price £295.00

CARBON REAR STRUT BRACE

This new carbon fibre rear strut brace is now available as an exclusive product from K-Tec Racing. It simply bolts to the tops of the rear shock absorbers and is designed to tighten the rear end of the car to improve the handling.

Price £95.00

KTR SHORT THROW QUICKSHIFT GEARLEVER

A complete stainless steel and alloy replacement gear lever assembly which not only looks superb but dramatically reduces the gear lever travel giving the gear change a very positive and precise action. Comes complete with new alloy gear knob and can be fitted in under 1 hour. Available for Clio 2 (ALL MODELS).

Price £169.00

CLIO 3 KONCEPT BODYKIT

This newly developed kit will be available soon for all Clio 3 models. The kit consists of lower front valance, rear valance and side skirts. There is also a rear spoiler available to complement the rest of the kit. This kit will not require any cutting or trimming in order to fit and is of the highest quality and fitment. There is also the twin exit exhaust rear silencer available to go with the rear valance.

Prices are to be confirmed.

LEIGHTWEIGHT 17" ALLOY WHEELS

One way to improve your cars performance is to reduce the weight. By fitting a set of these 17" wheels with Toyo tyres to our 182 we reduced the weight of the car by 24kg. In other words one of these wheels with a 17" tyre is 6kg lighter than the standard Renault 16" wheel and tyre. These high quality wheels are available in gunmetal grey, silver, white and bronze. As they are a racing style wheel they do not currently come with centre caps but they are supplied with new wheel bolts. These wheels also come in a 43mm offset which means they can be fitted to the 172, 182 and many other models without the worry of rubbing. Note: When ordering wheel and tyre package please state wheel colour required.

SILVER 7" x 17", 4 x 100 pcd,

43mm offset Price: £500.00

GUNMETAL GREY 7" x 17", 4 x 100 pcd,

43mm offset Price: £500.00

TOYO T1-R TYRES

The Proxes T1-R boasts a special performance compound and tread pattern which gives incredible road holding in all conditions, especially in the wet. The V-shaped grooves in the tread pump water away allowing the rubber to grip the road. They are bounded by circumferential grooves which allow the tyre to give you even better wet grip whilst being quieter and longer lasting as well. The Proxes T1-R is introduced in a range of the most popular high performance sizes.

CALL FOR LATEST PRICES

TOYO R888 TYRES

These tyres are the latest in road legal slick tyres available from Toyo. They are made from a softer grade rubber than a usual road tyre and feature a minimal tread pattern for improved dry weather grip. These tyres will give you levels of grip you will not have experienced with a normal road tyre. These tyres are also surprisingly good in the wet due to the tread pattern. They are completely road legal and are not best suited to cars that do a lot of motorway miles. Available in 205/40 R17 only.

SILVERVISION BULBS

These silver coated replacement indicator bulbs replace the standard orange items. These silver bulbs are especially effective when used in Lexus style lights and in the triangular headlights of the Clio 2 Mk2 where the orange bulbs are very visible. **Price £13.00 pr**

SILVATEC SIDE REPEATER BULBS

These silver coated replacement side repeater bulbs replace the standard orange items. Although they look silver they flash orange and get rid of the orange glow in the side repeater units that the standard orange bulbs create. **Price £9.00 pr**

K-TEC RACING STICKER KIT

Contains 1 screen top decal and 3 smaller 9" long decals. Available in silver, gold or chrome. **Price £10.00 set**

ECOTEK VALVES

It works by bleeding off a small amount of air at tick-over which improves emissions without affecting smooth running, at medium revs it oscillates, creating pulses of air which cause turbulence in the manifold and at high revs it creates a vortex or swirl in the inlet gasses. The effect of all this is better response, lower emissions, cleaner acceleration and improved fuel economy. Available in gold, red, blue and chrome with an optional filter.

Price Gold Valve £40.00
Blue or Red Valve £45.00
Optional Filter £20.00
Chrome Valve & Filter £73.00

Universal

DIESEL POWER TUNING BOX

We are now able to offer power tuning to Renault diesel owners. Power gains of at least 20% (up to 35% on some models) can be had along with similar increases in torque by simply fitting this new Power box. It can also be unplugged and transferred to another car (depending on model) should you wish to sell your car and get another diesel model. Available for nearly every Renault diesel model. Please call to see if your model is covered.

Price from £345.00

CARBON BRAKE PADS

New to our braking range are these carbon based brake pads. They are available for all popular fitments and have a heat rating of over 700 degrees C. They require very minimal bedding in and feature a few very special elements which make them a very effective brake pad.

Price from £30 per set.
Please call to check application.

How to order

By Telephone: You can place your order by phone by calling our sales department on the numbers at the bottom of this page. They will be able to inform you of availability and delivery times for your parts as well as helping you with any information you may need to know about any of our parts.

By Fax: You can fax your order to us at any time. Please make sure your fax contains your list of parts required along with your name, address and contact details. If wishing to pay by a visa or debit card please include your card details to help us process your order quickly.

By e-mail: You can e-mail us at sales@k-tecracing.com with regard to general sales enquiries such as shipping charges and delivery times. Ordering through the internet is best done on our secure website.

By website: You can place an order on our secure and protected website www.k-tecracing.com at any time by using a debit or visa card. You will receive confirmation e-mail once your order has been placed and if ordering from outside the UK we will e-mail with the shipping costs before processing your order.

Post: You can post your order to us at the address below and please be sure to include your name, address and contact numbers with your order. If paying by cheque please note that the parts will not be sent until the funds have cleared.

Bank Transfer: We are happy to accept bank transfers direct into our account. If wishing to pay by this method please e-mail or fax your order to us so we can confirm the total price and delivery time. We will then reply to you including our bank details to allow you to make the transfer. Please also include your full contact details and address with any order and fax a confirmation to us once the transfer has been made.

Collecting goods: If you wish to visit us and collect your parts please call us before you set out so we can check availability to prevent you having a wasted journey.

Carriage charges: UK mainland Postage and packaging charges for most items will be between £3.00 (exc. Sticker kit postage which is £1.00) and £15.00. The exception to these guidelines will be bumpers and full body kits where due to their size can cost up to £45.00 to deliver.

For Northern Ireland, Republic of Ireland, Channel Islands and Worldwide shipping costs please contact us for individual quotations. When ordering from these destinations through our website an email stating the shipping cost will be sent for verification before the order is processed.

Payments: We accept Visa, MasterCard, electron, switch, maestro, delta and solo cards, cash, postal orders, cheque, bankers draft and bank T/T transfers. Please make cheques, postal orders or bankers draft payable to K-Tec Racing Ltd.

Security checks: Please note that due to the ever increasing numbers of fraudulent orders, all orders placed will be subject to security checks to confirm their validity. Any fraudulent details we receive which are trying to be used to obtain parts will be passed onto the relevant authorities.

VAT: If ordering parts within the EU you will need to pay UK VAT at the current rate of 17.5%. For orders placed outside the EU you will not pay VAT we will deduct the VAT from your order before it is processed. If you are a company within the EU please include your valid VAT number with your order (not applicable to UK companies).

Delivery addresses: We are only able to deliver parts to the registered card holders address or to a registered business address. We are not able to send parts to a third party residential address.

Owners Clubs: If you are a member of one of the following clubs you will be eligible for an owners club member discount. When ordering please let us know the name of the club you are a member of and your membership number. We will then deduct the discount once we have verified you membership is valid.

If ordering on our website please include these details in the "comments box". The owners clubs we currently offer discounts to are: Clisport, Renault Sports Club, RTOC and the Megane Coupe club.

Warranty/guarantee: Most of our parts carry at least a 12 month guarantee and in the unlikely event you will experience a problem with a parts please call us so we may help you resolve the problem or send you a replacement. We will do our best to help you resolve the problem as quickly and efficiently as possible. We may require the part sending back to us and if the part is faulty we will refund the cost of the postage to you. Please be sure to send a copy of your purchase invoice with the parts when returning it to us.

Cancelled orders: Due to the nature of our business, and the terms and conditions of many of our suppliers, any cancelled orders will be subject to a 25% cancellation/handling charge. This is non refundable and is only applicable to an order that is cancelled once payment has been processed. Should you want to cancel a processed order but do not want to have to pay the 25% charge we can offer the option of keeping the total paid as credit which can be used at any time for any of our parts. There is no time limit during which the credit would have to be used and there is no cash alternative available.

Returns: If an item is being returned for a refund of surcharge, exchange or refund then we will need you to comply with the following points:

1. Any exchange items must be in a re-usable condition. If they are not re-usable we will not be able to issue the refund.
2. A copy of the original purchase invoice must be included with any part being sent back to enable us to carry out any refund. We will also need to know the reason for the item being returned.
3. Any part that is returned to us, unused, for a refund or credit must be in "as new condition". Any part that is not received back in a "resalable condition" can not be considered for a refund or credit.
4. We are not able to accept any unused parts back for a refund after 28 days from the original date of dispatch.
5. If returning an unused parts for a refund we will not be able to reimburse the carriage costs to send the parts to you and for you to send the parts back to us.
6. We are unable to refund any carriage costs incurred if parts have been incorrectly ordered by the customer.

Refunds: We will endeavour to carry out refunds within 28 days of the part being returned to us.

Please Note: As part of our security policy all parcels sent by courier must be signed for. If you miss an attempted delivery, please contact the relevant company to re-arrange delivery or alternatively collect the item from their depot. Any undelivered parcels returned to K-TEC through no fault of the courier will be subject to an additional postage charge to be re-sent.
